EXERCISE STEP BY STEP.....5

This exercise demonstrates the required steps to upload the S/4HANA Readiness Check Results into Focused Build. This is **NOT** required for participants of session DT263 as the analysis have been already uploaded beforehand

GET ZIP-FILE FOR UPLOAD OF READINESS CHECK IN SOLUTION MANAGER

Open github for session DT263: <https://github.com/SAP-samples/teched2020-DT263> (Note: You may have to manually copy/paste this link into your browser)
 Scroll down to section 'Exercises' and follow the instructions in part 'Users doing the on-demand exercises (after the live workshops) shall use the following login'.

ADJUST EXCEL SHEET IN ZIP FILE TO ALLOW UNIQUE UPLOAD

During the upload of the provided zip-file from the SAP Readiness Check the system checks whether the file was already uploaded to avoid data redundancies in the Solution Manager. To get the upload-file unique an update in the excel sheet RelevantSimplificationItems.xlsx needs to be done. Afterwards a new zip-file is generated that can be used for the second step.

	A	B
1	Title	Effort Ranking
2	S4TWL - ASSET ACCOUNTING	Potentially High (default)
3	S4TWL - CASH MANAGEMENT - GENERAL	Assessment Required (default)
4	S4TWL - DATA MODEL CHANGES IN FIN	Low (default)

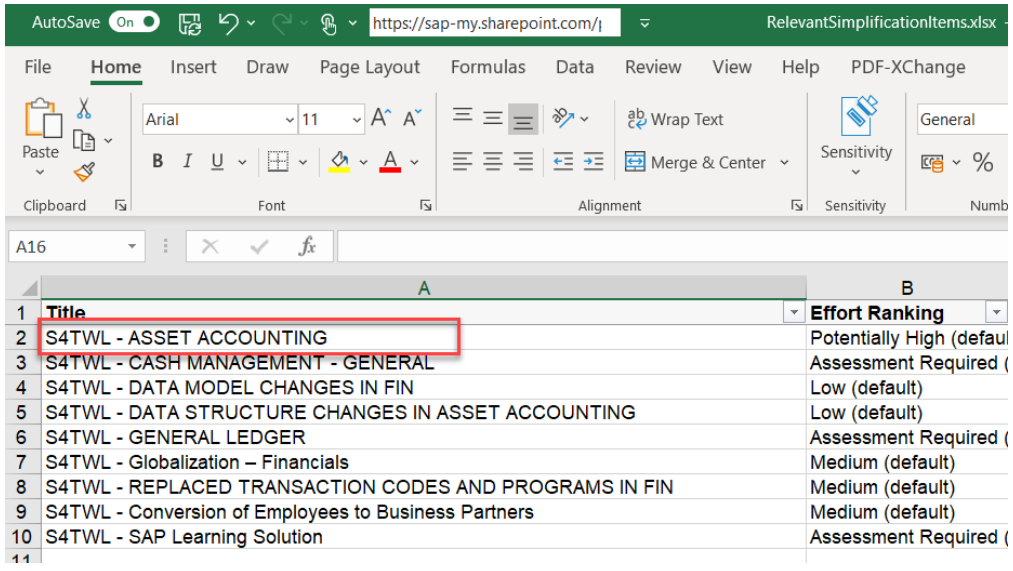

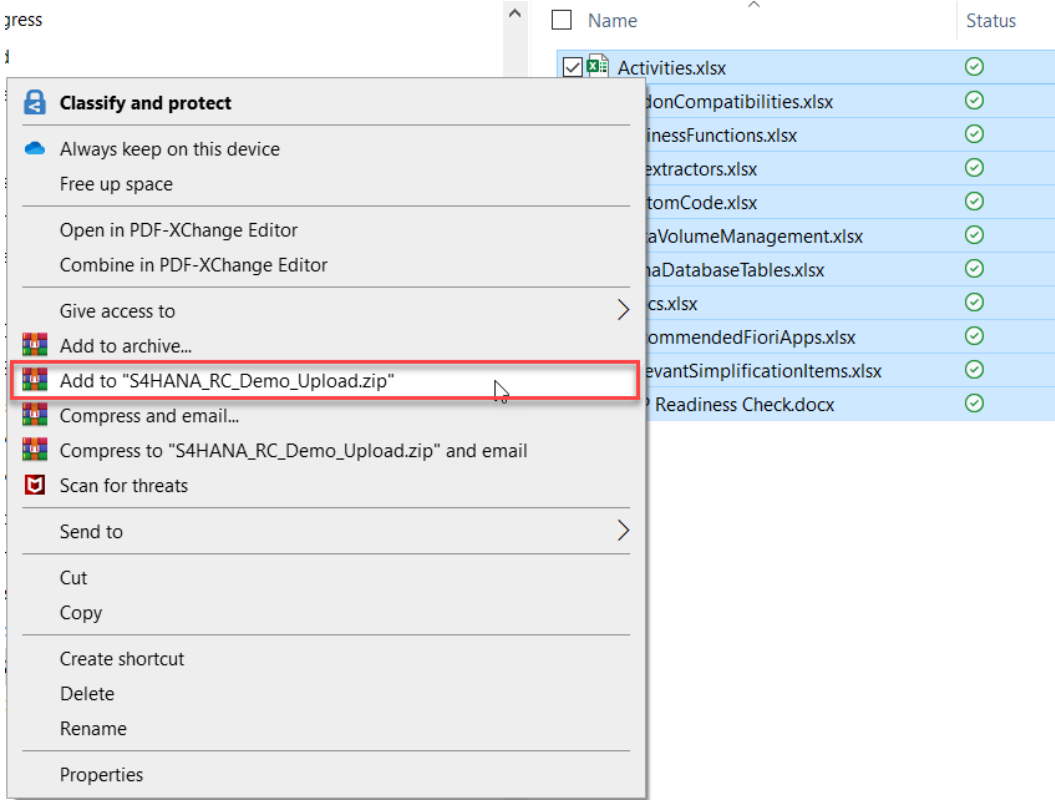

UPLOAD ZIP FILE TO FOCUSED BUILD

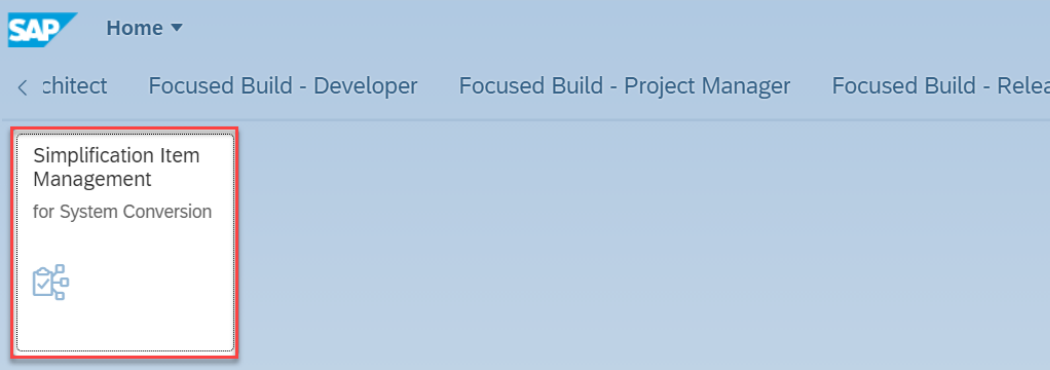

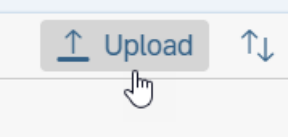

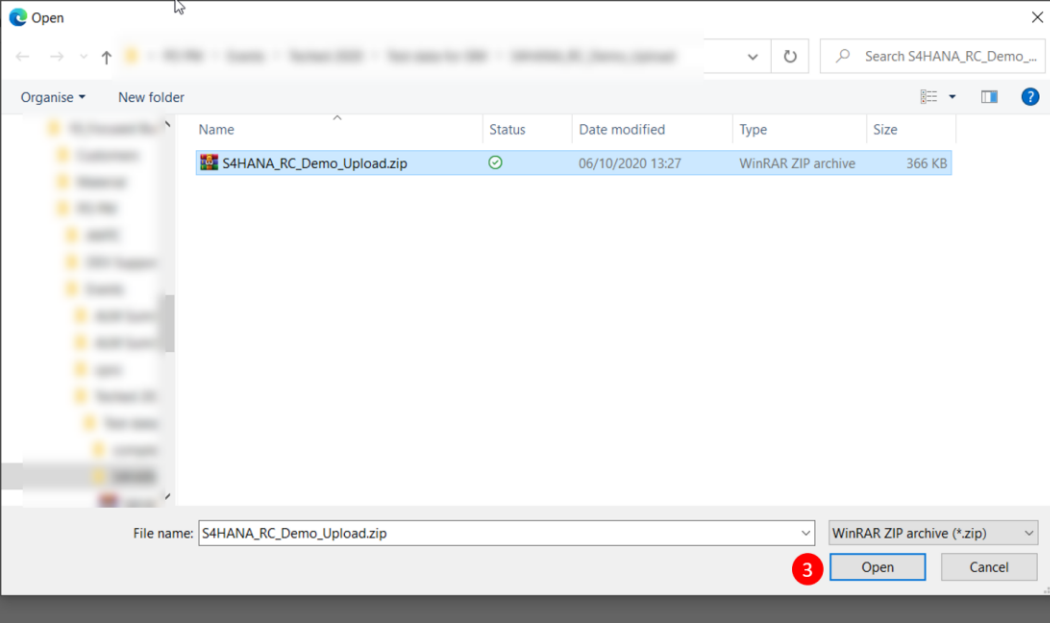

After the new zip has been created the upload to Focused Build can take place. For this session, we use a subset of a complete Readiness Check that contains a suitable amount of Simplification Items and Activities to perform all exercises of this session.

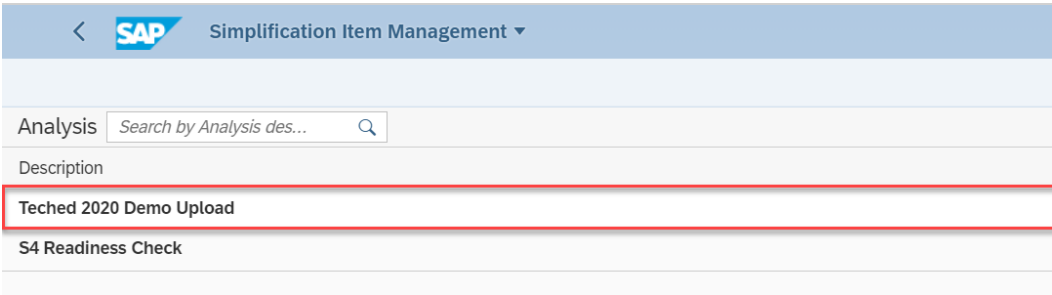

EXERCISE STEP BY STEP
